Approaching from The Hague: On the ring road A10 (zuid/south), take exit s108 - VU. At the end of the exit, follow the signs for the WTC (World Trade Centre). Turn left onto Amstelveenseweg, and immediately thereafter turn left again, onto De Boelelaan. At the second junction, turn left onto Buitenveldertselaan, pass under the flyover, and take the first right-hand exit onto Strawinskylaan.

The car park is at Strawinskylaan 1. If you want to park your car in the car park, please enter this address into your navigation system. When entering the WTC car park, take a ticket from the machine. You can have this ticket stamped at the Kempen reception desk so that you can use it as an exit card when you leave. Drive into the car park and follow the signs for 'Kempen visitors' which will lead you to the Kempen barrier. Here, you can check in using the intercom that is linked with our reception desk, after which the Kempen barrier will open and you can park your car in any of the visitors' spots. We recommend that you continue to drive in as far as possible, as the Kempen entrance is located at the far end. The white door is the entrance to Kempen.
